

**Title**  
Fixed Income Analyst

**Location**  
Madison, WI

**Classification**  
Full-Time

### **Background**

Founded in 1974, the Madison Investments organization has grown into a nationally recognized asset management firm that manages client assets across a suite of mutual funds, managed accounts and customized portfolios. The catalyst for the Firm's growth has been a management style that looks beyond short-term trends, emphasizing the performance of investments over full market cycles. Our highly credentialed investment professionals share a belief in high-conviction, risk-conscious investing, and have the autonomy to shape this approach within their own investment teams. For more information on the Madison Investments organization, please visit [www.madisoninvestments.com](http://www.madisoninvestments.com)

### **Position Description**

Madison Investments is seeking an individual to serve as an analyst within the Fixed Income department. The ideal candidate will possess strong interest in the investment management industry with a desire to learn and advance in a fast paced, performance driven environment. This position will be exposed to many different roles within the Fixed Income department and will be given the opportunity to define a long-term path within the group. A successful candidate will be hard working, detail orientated, analytical and able to manage multiple tasks simultaneously. Finally, this role will interact with other areas at the firm to help grow the Madison Investments Fixed Income brand.

### **Duties**

- Provide support to Portfolio Managers and Senior Analysts
- Research new investment ideas for portfolio consideration
- Produce research projects and ad hoc tasks as directed
- Provide written reports
- Maintain various databases in a timely fashion

### **Required Qualifications:**

- Bachelor's Degree in Accounting, Finance, Economics or Mathematics
- 0-3 years of relevant work experience
- Strong interest in financial markets
- Well-versed in Microsoft Excel with knowledge of the Microsoft Office Suite
- Programming skills (Python, R) a plus
- Excellent verbal and written communication skills
- Interest in pursuing Chartered Financial Analyst (CFA®) designation or MBA
- Intellectual curiosity
- Understanding of statistics and basic data analysis strongly desired

### **Benefits**

- Comprehensive Benefits: health insurance, profit sharing and 401k match
- Company Culture: collaborative, team-oriented, fast-paced, challenging and innovative

- Professional Development: training, advancement potential, cross-functional project opportunities
